Description | Specification | Reviews

The LG C2 42 (106cm) 4K Smart OLED evo TV is the best all-around OLED TV we've tested. Although all OLEDs deliver similar fantastic picture quality, this one stands out for its value because it has many gaming-oriented features that are great for gamers.

*Only 65G2 is shown in the image for example purposes. All 2022 LG OLED models feature eco-friendly packaging.
**65C2 Stand model is at a minimum 39% lighter than the C1 series.
***The 'Reducing CO2' footprint label applies to 65C2 only. All other C2 models feature a 'CO2 Measured' label.
****UL ECV certification based on TV frame and back cover. Percentage of recycled content varies by model and size.More ...
